

The higher education sector the provision of smart classrooms and virtual classrooms is the need of the hour. The benefits of smart classes and virtual classes have been mentioned in the proposal given by Infovision Pvt. Ltd. The IQAC suggests changing all the classes into smart classrooms. However, the change may be done keeping in view the budgetary provisions. The IQAC also suggests that all the laboratories - Physics, Chemistry, Botany, Zoology and Psychology to be turned into smart classrooms.

The IQAC also requests that more vocational courses like BBA and BCA, ^{MBA} and ^{MCA} should be introduced in the college and the request for the same should be sent to the University for further action.

A meeting of the IQAC was held on 22nd January 2019 to discuss certain issues related to the IQAC, and also to discuss the following proposals given by Team Information Pvt. Ltd (duly marked to the IQAC co-ordinator) regarding benefits of smart classrooms and virtual classrooms.

- (1) Proposal for Smart Classrooms (NO-2 classrooms) dated 5th Jan 2019.
- (2) Proposal for Virtual Classrooms (dated 24th Nov 2018).
- (3) Proposal for enhancement of the Conference Room (dated 5th Jan 2019).
- (4) Proper illumination, flooring and arrangement of furniture of the suggested sites.
- (5) One copy of all the notices floated in the college to be submitted to the IQAC.
- (6) Finalise list of IQAC members.
- (7) Need for updating the college website.

It was decided in the meeting that Gallery - I may be turned into a virtual class room and Gallery - II and two rooms in the newly constructed building may be converted into smart classrooms. The proposal for the initiation of Vocational courses like BBA, BCA, MBA and MCA was put forward before the members. The IQAC member list was finalized. Suggestions were also put forward for updating the college website.
